**Proposal 2 –
Advisory Vote to Approve the Compensation of
our Named Executive Officers**

Pursuant to Section 14A of the Securities Exchange Act of 1934 (the “Exchange Act”), we are submitting the compensation of our named executive officers as disclosed in this proxy statement to our stockholders for an advisory vote.

As described below under the heading “Executive Compensation,” we seek to provide compensation to each named executive officer that is designed to attract, motivate and retain our executive officers. Our compensation program is designed to reward both individual and company performance, while aligning the financial interests of each named executive officer with the interests of our stockholders. The compensation committee sets compensation for each named executive officer at a level it believes is appropriate considering each named executive officer’s annual review, level of responsibility, awards and compensation paid in the past year and progress toward or attainment of previously set personal and corporate goals and objectives.

The vote on this proposal is not intended to address any specific element of compensation. Rather, the vote relates to the overall compensation of our named executive officers, as described under the heading “Executive Compensation” in this proxy statement. We are asking our stockholders to approve the following advisory resolution at our Annual Meeting:

“RESOLVED, that the compensation of the Company’s named executive officers, as disclosed pursuant to the rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.”

The vote is advisory and is not binding on the Company, our board of directors or the compensation committee. However, the compensation committee expects to consider the outcome of this advisory vote in evaluating whether any actions are appropriate with respect to our compensation program for our executive officers. At our 2018 annual meeting of stockholders, a majority of our stockholders voted in favor of holding advisory votes on the compensation of our named executive officers on an annual basis. In light of this vote, our board of directors determined to hold such advisory votes annually. Unless our board of directors determines otherwise, we will continue to hold advisory votes on the compensation of our named executive officers on an annual basis. The next advisory vote following this year’s vote will be held at the 2023 annual meeting of stockholders.

The board of directors recommends a vote “FOR” the approval of the compensation of our named executive officers.

**Proposal 3 -
Ratification of the Appointment of
RSM US LLP as the Company's Independent
Registered Public Accounting Firm for 2022**

The audit committee has appointed RSM US LLP as the Company's independent registered public accounting firm for 2022. The board of directors is asking stockholders to ratify this appointment. Securities and Exchange Commission ("SEC") regulations and the Nasdaq listing requirements require the Company's independent registered public accounting firm to be engaged, retained and supervised by the audit committee. However, the board of directors considers the selection of an independent registered public accounting firm to be an important matter to stockholders. Accordingly, the board of directors considers a proposal for stockholders to ratify this appointment to be an opportunity for stockholders to provide input to the audit committee and the board of directors on a key corporate governance issue.

Representatives of RSM US LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement. They will also be available to respond to appropriate questions. For additional information regarding our independent registered public accounting firm, see "Independent Public Accountants."

The board of directors recommends a vote "FOR" the ratification of RSM US LLP as the Company's independent registered public accounting firm for 2022.

Director Independence

Our board of directors will review at least annually the independence of each director. During these reviews, the board will consider transactions and relationships between each director (and his or her immediate family and affiliates) and our Company and its management to determine whether any such transactions or relationships are inconsistent with a determination that the director is independent. This review will be based primarily on responses of the directors to questions in a directors' and officers' questionnaire regarding employment, business, family, compensation and other relationships with the Company and our management. Our board of directors has determined that each of Jody Bilney, Randall DeWitt, Starlette Johnson, Saed Mohseni and Ira Zecher are independent within the meaning of the Nasdaq Marketplace Rules. As required by the Nasdaq Global Select Market, a majority of our directors are independent and our independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

Corporate Governance

We believe that good corporate governance is important to ensure that, as a public company, we will be managed for the long-term benefit of our stockholders. We and our board of directors have reviewed the corporate governance policies and practices of other public companies, as well as those suggested by various authorities in corporate governance. We have also considered the provisions of the Sarbanes-Oxley Act and the rules of the SEC and the Nasdaq Global Select Market.

Based on this review, we have established and adopted charters for the audit committee, compensation committee and nominating and corporate governance committee, and have adopted corporate governance guidelines, a code of business conduct and ethics applicable to all of our directors, officers and employees and an insider trading policy.

Our committee charters, code of business conduct and ethics and corporate governance guidelines are available on our website at www.chuys.com in the Investors section. Copies of these documents are also available upon written request to our Corporate Secretary. We will post information regarding any amendment to, or waiver from, our code of business conduct and ethics on our website in the Investors section.

Furthermore, our insider trading policy prohibits our directors and certain employees, including all of our executive officers, from engaging in hedging transactions with respect to our securities, including entering into options, warrants, puts, calls or similar instruments or selling our securities short, and pledging shares of our securities in margin accounts.

The board of directors periodically reviews its corporate governance policies and practices. Based on these reviews, the board of directors may adopt changes to policies and practices that are in our best interests and as appropriate to comply with any new SEC or Nasdaq Marketplace Rules.

Board Leadership Structure and Board's Role in Risk Oversight

Steve Hislop serves as chairman of our board of directors, President and Chief Executive Officer. We believe that the Company and its shareholders are best served by having Mr. Hislop serve in both positions because of his knowledge of the Company's operations, our unique culture and industry in which we are competing. This leadership structure strengthens the communication link between the operating organization and the board. It also fosters a collaborative environment that supports effective decision-making around key topics such as strategic objectives, long-term planning and enterprise risk management.

Since Mr. Hislop serves as chairman of the board in addition to his roles as President and Chief Executive Officer of the Company, the board determined it was appropriate to appoint a lead independent director, who would be elected annually. Mr. Mohseni was elected to serve as our lead independent director.

The role of our lead independent director is to, among other things, preside at executive sessions of independent directors, serve as a liaison between the independent directors and the chairman, approve board meeting agendas and the information sent to the board, approve meeting schedules to assure that there is sufficient time for discussion of all agenda items, call meetings of independent directors and, if requested by major shareholders, ensure that he or she is available for consultation and direct communication.

Risk is inherent with every business and we face a number of risks as outlined in Item 1A. "Risk Factors" included in our Annual Report. Management is responsible for the day-to-day management of risks we face, while our board of directors, as a whole and generally through our audit committee, is responsible for overseeing our management and operations, including overseeing its risk assessment and risk management functions. Our board of directors has delegated responsibility for reviewing our policies with respect to risk assessment and risk management to our audit committee through its charter. Our board of directors has determined that this oversight responsibility can be most efficiently performed by our audit committee as part of its overall responsibility for providing independent, objective oversight with respect to our accounting and financial reporting functions, internal and external audit functions and systems of internal controls over financial reporting and legal, ethical and regulatory compliance. Our board of directors has also delegated the oversight of risks related to environmental, social and governance matters to our nominating and corporate governance committee. Our audit and nominating and corporate governance committees will regularly report to our board of directors with respect to their oversight of these areas.

Board Meetings

The board of directors held four meetings during 2021. Each director serving on the board of directors in 2021 attended at least 75% of the total number of meetings of the board of directors and committees on which they served. Under our corporate governance guidelines, each director is expected to devote the time necessary to appropriately discharge his or her responsibilities and to rigorously prepare for, attend and participate in all board of directors meetings and meetings of committees on which he or she serves.

Annual Meetings of Stockholders

The Company's directors are encouraged to attend our Annual Meeting of stockholders, but we do not currently have a policy relating to directors' attendance at these meetings. Each director serving on the board of directors in 2021 attended our 2021 Annual Meeting of Stockholders.

Board Committees

The compensation committee has the sole authority to retain and terminate compensation consultants to assist in the evaluation of director or executive officer compensation and the sole authority to approve the fees and other retention terms of such compensation consultants. The compensation committee may also retain independent counsel and other independent advisors to assist it in carrying out its responsibilities. The compensation committee may also, in its discretion, delegate specific duties and responsibilities to a subcommittee or an individual committee member, to the extent permitted by applicable law.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is a standing committee of our board of directors. The nominating and corporate governance committee met four times in 2021. Our board of directors has adopted a

The nominating and corporate governance committee has the sole authority to retain and terminate any search firm to assist in the identification of director candidates and the sole authority to set the fees and other retention terms of such search firms. The committee may also retain independent counsel and other independent advisors to assist it in carrying out its responsibilities.

Other Committees

Our board of directors may establish other committees as it deems necessary or appropriate from time to time.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2021, Mr. Mohseni, Mr. Zecher and Mr. DeWitt served as members of the compensation committee. No member of the compensation committee (1) was, during fiscal year 2021, or had previously been, an officer or employee of the Company or (2) had any material interest in a transaction with the Company or a business relationship with, or any indebtedness to, the Company. None of our executive officers have served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our board of directors or compensation committee.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer, and persons performing similar functions ("covered persons"). A current copy of the code is posted on our website, which is located at www.chuys.com. Any amendments to or waivers from a provision of our code of conduct and ethics that applies to our covered persons and that relates to the elements of Item 406(b) of Regulation S-K will be disclosed on our website promptly following the date of such amendment or waiver.

Qualifications for Director Nominees

The nominating and corporate governance committee is responsible for reviewing with the board of directors, at least annually, the appropriate skills and experience required for members of the board of directors. This assessment includes factors such as judgment, skill, diversity, integrity, experience with businesses and other organizations of comparable size, the interplay of the candidate's experience with the experience of other board members, and the extent to which the candidate would be a desirable addition to the board of directors and any committees of the board of directors. The nominating and corporate governance committee will identify nominees based upon

recommendations by committee members, other board members, members of management, search firms or, as discussed below, by stockholders. Upon identifying a potential nominee, members of the nominating and corporate governance committee and other members of the board of directors will interview the candidate, and based upon that interview, make a recommendation to our board of directors.

Board Diversity

The nominating and corporate governance committee considers diversity as part of its overall selection strategy. The nominating and corporate governance committee considers diversity in its broadest sense, including diversity in professional and life experiences, education, skills, perspectives and leadership, as well as other individual qualities and attributes that contribute to board heterogeneity, such as race, ethnicity, sexual orientation, gender and national origin. Importantly, the nominating and corporate governance committee focuses on how the experiences and skill sets of each director nominee complements those of fellow directors and director nominees to create a balanced board with diverse viewpoints and deep expertise. The Company believes that the inclusion of diversity as one of many factors considered in selecting director nominees is consistent with the Company's goal of creating a board that best serves our needs and those of our stockholders. Our board is committed to diversity and as such includes directors with gender and ethnic diversity and a diverse set of backgrounds, experience, and skills, including:

- Executive leadership
- Restaurant and consumer industry
- Business operations
- Strategic development and planning
- Corporate governance
- Finance, accounting and risk management
- Marketing, branding and consumer insights
- Technology

Executive Compensation

Compensation Discussion and Analysis

This compensation discussion and analysis provides an overview of our executive compensation program, together with a description of the material factors underlying the decisions that resulted in the compensation provided to our Chief Executive Officer and Chief Financial Officer and our two other highest paid executive officers during fiscal year 2021 (collectively, the “named executive officers”). During fiscal year 2021, there were only four executive officers of the Company. This compensation discussion and analysis contains statements regarding our performance targets and goals. These targets and goals are disclosed in the limited context of our compensation program and should not be understood to be statements of management’s expectations or estimates of financial results or other guidance. We specifically caution investors not to apply these statements to other contexts.

Objective of Compensation Policy

The objective of our compensation policy is to provide a total compensation package to each named executive officer that will enable us to:

- attract, motivate and retain outstanding individuals;
- reward named executive officers for performance; and
- align the financial interests of each named executive officer with the interests of our stockholders to encourage each named executive officer to contribute to our long-term performance and success.

Overall, our compensation program is designed to reward both individual and company performance. A significant portion of each of our named executive officers’ annual compensation is comprised of performance-based compensation. We also intend to continue to use long-term incentive awards to reward long-term company and individual performance and to promote retention through delayed vesting of awards.

Administration

Our compensation committee, which is comprised exclusively of independent directors, oversees our executive compensation program and is responsible for approving or recommending to the board the nature and amount of the compensation paid to, and any employment and related agreements entered into with, our named executive officers. The committee also administers our equity compensation plans and awards.

Process for Setting Total Compensation

At the first meeting of each new fiscal year, our compensation committee sets annual base salaries, determines the payout for the Company’s short-term incentive program and the amount of any discretionary bonuses for the prior year, sets performance criteria for our short-term incentive program for the following year and determines the amount of equity based incentive compensation to grant to our named executive officers. In making these compensation decisions, our compensation committee considers the recommendations of our Chief Executive Officer, particularly with respect to salary adjustments, short-term incentive program targets and awards, amount of discretionary bonuses and equity incentive awards of our other named executive officers. Our compensation committee meets with our Chief Executive Officer at least annually to discuss and review his recommendations for compensation of our executive officers, excluding himself. When making individual compensation decisions for our named executive officers, the compensation committee takes many factors into account, including the officer’s experience, responsibilities, management abilities and job performance, our performance as a whole, current market conditions and competitive pay levels for similar positions at comparable companies. These factors are considered by the compensation committee in a subjective manner without any specific formula or weighting.

During its annual review process, our compensation committee has set compensation for each named executive officer at a level it believes is appropriate considering each named executive officer’s annual review, level of responsibility, the awards and compensation paid to the named executive officer in past years and progress toward or attainment of previously set personal and corporate goals and objectives, including attainment of financial performance goals and such other factors as the compensation committee has deemed appropriate and in our best interests and the best interests of our stockholders. The compensation committee has given different weight at different times to different factors for each named executive officer. Our performance criteria are discussed more

fully below under the heading “—Short-Term Incentive Program.” Other than with respect to our short-term incentive program, the compensation committee has not relied on predetermined formulas or a limited set of criteria when it evaluates the performance of our named executive officers.

The charter of the compensation committee authorizes the committee to engage independent consultants at the expense of the Company. The compensation committee retained Mercer as its independent compensation consultant for 2020. Mercer reported directly to the compensation committee and performs no other work for the Company. The compensation committee assessed the independence of Mercer and concluded that its work did not raise any conflict of interest with the Company. Mercer was engaged to:

- Advise the compensation committee on named executive officer and director pay decisions;
- Assist in short-term and long-term incentive plan design;
- Conduct compensation reviews and make recommendations regarding both executive and director pay structures;
- Advise on peer group composition and conduct a review of peer group compensation;
- Provide periodic updates on current trends, technical and regulatory developments and best practices in compensation design; and
- Perform any other tasks which the compensation committee may request from time to time.

In 2020, Mercer compared the base salary, target short-term incentive program payout and target annual cash compensation of our then-current named executive officers against a peer group of seven publicly traded restaurant companies (the “Mercer Report”). The peer group consisted of the following companies:

Red Robin Gourmet Burgers	Dave & Buster’s Entertainment	BJ’s Restaurants
Fiesta Restaurant Group	The Habit Restaurants	Ruth’s Hospitality Group
Del Frisco’s Restaurant Group		

The Committee in conjunction with Mercer selected companies for its peer group based on industry, revenue and market capitalization. Mercer used Company and peer group compensation data from 2018 in its review. The compensation committee used the Mercer Report in (1) assessing the level of base salary and target short-term incentive program payouts to be paid to our then-current named executive officers and (2) approving changes to the compensation levels of our then-current named executive officers. The results of the Mercer Report, which as noted above were based on 2018 compensation data, indicated that the Company’s 2018 compensation for each of our then-current named executive officers was below the market median for base salary and target short-term incentive program payouts.

2021 Advisory Vote on Executive Compensation

At our annual meeting of stockholders in July 2021, approximately 98% of the votes cast in the advisory vote on executive compensation were in support of our executive compensation program. The compensation committee considered the results of this advisory vote and believes the results affirm stockholder approval of the board of directors’ approach to the Company’s executive compensation program. Although the compensation committee did not adopt any changes to our program as a result of this vote, as noted above the compensation committee evaluates our executive compensation program annually.

Elements of Compensation

Our compensation program for named executive officers consists of the following elements of compensation, each described in greater depth below:

- Base salaries.
- Short-Term Incentive Program.
- Discretionary bonuses.
- Equity-based incentive compensation.

- Perquisites.
- General benefits.
- Employment agreements.

Clawback Provisions

We currently have employment agreements in place with each of our named executive officers. See “Employment Agreements” for additional information regarding our executive officer’s employment agreements. These employment agreements contain clawback provisions, which provide for the recovery of any incentive-based compensation or other compensation paid to the executive officer as required by law, government regulation or stock exchange listing requirement.

Additionally, our equity award agreements contain clawback provisions, which provide in certain circumstances for the forfeiture of outstanding unvested or unexercised awards and the return of the fair market value of vested or exercised awards.

Hedging and Pledging Policy

The Company's insider trading policy prohibits our directors and certain employees, including all of our executive officers, from engaging in hedging transactions with respect to our securities, including entering into options, warrants, puts, calls or similar instruments or selling our securities short, and pledging shares of our securities in margin accounts.

Base Salary

NAME	2021 SALARY (\$)
Steve Hislop	689,255
Jon Howie	432,640
Michael Hatcher	237,952
John Mountford	255,032

We pay base salaries to attract, recruit and retain qualified employees. Our compensation committee reviews and sets base salaries of our named executive officers annually. These salary levels are and will continue to be set based on the named executive officer’s experience and performance with previous employers and negotiations with individual named executive officers. The compensation committee may increase base salaries each year based on its subjective assessment of our company’s and the individual executive officer’s performance and each named executive officer’s experience, length of service and changes in responsibilities. The weight given to such factors by the compensation committee may vary from one named executive officer to another.

Short-Term Incentive Program

NAME	SHORT-TERM INCENTIVE PROGRAM			
	THRESHOLD AWARD (\$)	TARGET AWARD (\$)	MAXIMUM AWARD (\$)	ACTUAL AWARD (\$)
Steve Hislop	—	344,628	689,255	689,255
Jon Howie	—	216,320	432,640	432,640
Michael Hatcher	—	71,386	142,771	142,771
John Mountford	—	127,516	255,032	255,032

In line with our strategy of rewarding performance, our executive compensation program includes a short-term incentive program that our named executive officers participate in. Awards under our short-term incentive program are made under our Senior Management Incentive Plan. Our compensation committee establishes annual target payouts for each named executive officer during the first quarter of the year based on the Company's target adjusted EBITDA.

The target and maximum award amounts have been set at levels our compensation committee believes will provide a meaningful incentive to achieve company and individual goals and contribute to our financial performance. In

2021, the target and maximum award amounts were set at 50% and 100%, respectively, of annual base salary for our Chief Executive Officer, Chief Financial Officer and Chief Operating Officer and 30% and 60%, respectively, of annual base salary for our other named executive officer. There is no payout if actual Company Adjusted EBITDA is 90% or less of budget Company Adjusted EBITDA. To the extent that actual Company Adjusted EBITDA exceeds 90% of budget Company Adjusted EBITDA, the plan provides that we will make payments based on where performance falls on a linear basis between 90% and 100% of budget Company Adjusted EBITDA and between 100% and 110% of budget Company Adjusted EBITDA. In each circumstance, the compensation committee retains discretion to adjust the amount paid under the plan based on individual and company circumstances. If our budget Company Adjusted EBITDA is achieved, each individual will earn 100% of their target award.

The short-term incentive program payment is determined based primarily on the extent to which we achieve our budget Company Adjusted EBITDA goal. Company Adjusted EBITDA is our earnings before interest, taxes, depreciation and amortization and excludes stock-based compensation, closed restaurant costs and certain non-cash and other adjustments. For each 1.0% that actual Company Adjusted EBITDA is above or below budget Company Adjusted EBITDA, the percentage of the target they receive will increase or decrease by 10%, respectively, of the Company Adjusted EBITDA portion of their target award. For example, if actual Company Adjusted EBITDA is 1% above budget Company Adjusted EBITDA, the named executive officers will receive 1.1 times their target award. The maximum a named executive officer may receive for Company Adjusted EBITDA performance is 2.0 times their target award. We use our Company Adjusted EBITDA, together with financial measures prepared in accordance with GAAP, such as revenue, net income and cash flows from operations, to assess our historical and prospective operating performance and to enhance our understanding of our core operating performance. We also use our Company Adjusted EBITDA internally to evaluate the performance of our personnel and also as a benchmark to evaluate our operating performance or compare our performance to that of our competitors. The use of Company Adjusted EBITDA as a performance measure permits a comparative assessment of our operating performance relative to our performance based on our GAAP results, while isolating the effects of some items that vary from period to period without any correlation to core operating performance or that vary widely among similar companies.

Target, maximum and actual short-term incentive payouts for 2021 for each of the named executive officers are shown in the table above and the actual payouts are shown in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table.

Discretionary Bonus

The compensation committee retains discretion to grant bonus compensation to the named executive officers and other employees of the Company for their contributions to the Company’s performance. Historically, each of our named executive officers has received a \$1,000 holiday bonus each December. These bonuses are set forth in the "Bonus" column of the Summary Compensation Table.

Equity Compensation

We pay equity-based compensation to our named executive officers because it links our long-term results achieved for our stockholders and the rewards provided to named executive officers, thereby ensuring that such officers have a continuing stake in our long-term success.

Historically, we have granted restricted stock units and stock options to our named executive officers in conjunction with significant transactions and in connection with a named executive officer’s initial hire or promotion. Additionally, we have granted restricted stock units and stock options to our named executive officers annually to further align the interests of our executives with those of our stockholders. For information regarding the number and grant date fair value of restricted stock units granted to our named executive officers during fiscal year 2021, see “—Grants of Plan Based Awards” below.

We have provided this equity compensation to reward performance as well as to promote retention through delayed vesting. However, we believe that by weighting total compensation in favor of performance-based compensation, we have appropriately rewarded individual achievement while at the same time providing incentives to promote Company performance and at times have rewarded extraordinary achievements and dedication with discretionary

bonuses. The 2020 Plan provides for the issuance of restricted stock units, stock options, share appreciation rights, restricted shares, performance shares and other share based awards. In the future, we may consider granting other forms of equity to our named executive officers. For additional information regarding our 2020 Plan, see below under the heading "—2020 Omnibus Incentive Plan."

We also make grants of equity awards to our named executive officers and other employees because we believe that we should provide our employees an opportunity to share in our success provided they continue to contribute to our success.

Restricted stock units held by each of the named executive officers (and certain of our other salaried employees) vest ratably over a period of four years, subject to the employee remaining employed through each vesting date.

Severance and Change-in-Control Benefits

We currently have employment agreements with each of our named executive officers that provide termination or severance and change in control benefits. We agreed to pay termination or severance benefits in the event of an executive's termination by us without cause or by the executive for good reason as a retention incentive. We believe this level of severance benefit provides our executives with the assurance of security if their employment is terminated for reasons beyond their control. Additionally, in the event a named executive officer's employment is terminated due to death, disability or without cause or for good reason on or within 24 months of a change in control, the named executive officer's unvested equity awards will vest immediately. For additional information on the severance and change in control benefits provided under the employment agreements with our executive officers see "—Employment Agreements."

The amount each named executive would be entitled to receive in the event of a termination is reported below under the heading "—Potential Payments upon Termination or Change in Control."

Perquisites

In 2021, the aggregate incremental cost to us of the perquisites received by each of the named executive officers did not exceed \$10,000 and, accordingly, this benefit is not included in the Summary Compensation Table below. We provide the named executive officers with complimentary dining privileges at our restaurants. We view complimentary dining privileges as a meaningful benefit to our named executive officers as it is important for named executive officers to experience our products and services in order to better perform their duties for us.

General Benefits

We provide a limited number of personal benefits to our named executive officers. Our named executive officers participate in our health and benefit plans, and are entitled to vacation and paid time off based on our general vacation policies.

Retirement Benefits. We maintain a tax-qualified 401(k) savings plan ("401(k) Plan") and a nonqualified deferred compensation plan. Under the 401(k) Plan, employees are eligible after one year of service and may defer up to the maximum amount allowable by the IRS. The Company also provides a certain group of eligible employees, including our named executive officers, the ability to participate in the Company's nonqualified deferred compensation plan. This plan allows participants to defer up to 80% of their salary and up to 100% of their short-term incentive program payout and discretionary bonuses, on a pre-tax basis. The Company has discretion to make additional matching contributions to both plans. For more information on the nonqualified deferred compensation plan, see "Nonqualified Deferred Compensation" below.

Medical, Dental, Life Insurance and Disability Coverage. Active employee benefits such as medical, dental, life insurance and disability coverage are available to all eligible employees, including our named executive officers.

Moving Costs. We will reimburse out-of-pocket moving expenses for eligible executive officers in conjunction with their hiring.

Other Paid Time Off Benefits. We also provide vacation and other paid holidays to all employees, including the named executive officers, which we believe are appropriate for a company of our size and in our industry.

Employment Agreements

We have entered into employment agreements with each of Messrs. Hislop, Howie, Mountford and Hatcher. The employment agreements do not have a fixed term.

The employment agreements provide that Messrs. Hislop, Howie, Mountford and Hatcher will receive an annual base salary of at least \$649,750, \$400,000, \$207,500 and \$220,000, respectively. Messrs. Hislop, Howie and Mountford are each eligible pursuant to their employment agreements to receive a target annual short-term incentive program payout of 50% of their annual base salary, based upon the achievement of performance objectives determined by our compensation committee with a minimum and maximum payout of 0% and 100% of their annual base salary. Mr. Hatcher is eligible pursuant to his employment agreement to receive a target annual payout of 30% of his annual base salary, based upon the achievement of performance objectives determined by our compensation committee with a minimum and maximum payout of 0% and 60% of his annual base salary. Additionally, Messrs. Hislop, Howie, Mountford and Hatcher are eligible pursuant to their employment agreements to receive a targeted annual equity award equal to 50% of their base salary, as determined and authorized from time to time by the compensation committee and subject to the terms and conditions of the Company's equity incentive plan and any award agreements governing the grant of equity awards. The employment agreements also provide that each executive will be eligible to participate in our employee plans, including any health, disability or group life insurance plans or any retirement or non-qualified deferred compensation plans that are generally made available to our other senior executives and will be entitled to four weeks paid vacation per calendar year to be taken in accordance with our vacation policy.

Each employment agreement provides for severance benefits if the executive's employment is terminated without cause (as defined in the employment agreements) or by the executive for good reason (as defined in the employment agreements), subject to the executive's compliance with certain assignment of invention, confidentiality, non-compete, non-solicitation and non-disparagement obligations and the execution of a general release of claims. In the event Mr. Hislop's employment is terminated without cause or by him for good reason, he is entitled to continue to receive his base salary for two years following the termination of his employment and an amount equal to his target short-term incentive program payout for the year his employment was terminated. In the event the employment of Messrs. Howie, Mountford and Hatcher is terminated without cause or by the executive for good reason, each is entitled to continue to receive one year's base salary following his termination and an amount equal to his target short-term incentive program payout for the year his employment was terminated. Additionally, in the event the employment of Messrs. Hislop, Howie, Mountford and Hatcher is terminated without cause or by the executive for good reason, each is entitled to continue to receive the amount that we were subsidizing for the executive and his or her dependents' medical and dental insurance coverage during the same period the executive is entitled to continue to receive his base salary after his termination.

The employment agreements also provide that if (1) the employment of Messrs. Hislop, Howie, Mountford or Hatcher is terminated on account of the executive's death or disability (as defined in the employment agreements) or (2) the executive's employment is terminated without cause or by the executive for good reason, in each case, on or during the 24 month period after a change in control (as defined in the 2020 Plan), subject to the executive's compliance with certain assignment of invention, confidentiality, non-compete, non-solicitation and non-disparagement obligations and the execution of a general release of claims, then any unvested or unexercisable portion of any award granted to the executive under the Company's equity incentive plans shall become fully vested or exercisable.

The amount each named executive would be entitled to receive in the event of a termination is reported below under the heading "—Potential Payments upon Termination or Change in Control."

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code (the "Code") generally limits the tax deductibility of compensation we pay to our executive officers to \$1.0 million in the year the compensation becomes taxable to the executive officers. Historically, there was an exception to the limit on deductibility for "performance-based compensation" that meets certain requirements under Section 162(m) of the Code, but this exception has generally been repealed, effective for taxable years beginning after December 31, 2017. Although our compensation committee considers deductibility in setting the compensation of our executive officers, our compensation committee maintains flexibility in how we

compensate our executive officers so as to meet a broader set of corporate and strategic goals and the needs of stockholders, and as such, we may be limited in our ability to deduct the full amount of such compensation.

Accounting rules require us to expense the cost of our stock option and restricted stock unit awards. Because of option and restricted stock unit expensing and the impact of dilution on our stockholders, we pay close attention to, among other factors, the type of equity awards we grant and the number and value of the shares underlying such awards.

2020 Omnibus Incentive Plan

The 2020 Plan was approved by the Company's stockholders at our 2020 annual meeting of stockholders on July 30, 2020. As of December 26, 2021, we had a total of 1,020,081 shares of common stock reserved and available for future issuance under the 2020 Plan.

The principal purposes of the 2020 Plan are to: (a) encourage profitability and growth of the Company through short-term and long-term incentives that are consistent with the Company's objectives; (b) to give participants an incentive for excellence in individual performance; (c) to promote teamwork among participants; and (d) to give the Company a significant advantage in attracting and retaining key employees, directors, and consultants. To accomplish such purposes, the 2020 Plan provides that the Company may grant options, stock appreciation rights, restricted shares, restricted stock units, performance-based awards (including performance-based restricted shares and restricted stock units), other share-based awards, other cash-based awards, or any combination of the foregoing. When considering new grants of share-based or option-based awards, we intend to take into account previous grants of such awards.

The 2020 Plan is administered by our compensation committee. The compensation committee has the power to determine the terms of the awards granted under the 2020 Plan, including the exercise price and the exercisability of the awards. The compensation committee also has full power to determine the persons to whom and the time or times at which awards will be made and to make all other determinations and take all other actions advisable for the administration of the 2020 Plan.

Each grant of an award under the 2020 Plan will be evidenced by an award agreement or agreements, which will contain such terms and provisions as the compensation committee may determine, consistent with the 2020 Plan. Those terms and provisions include the number of our shares of our common stock subject to each award, vesting terms and other provisions.

2012 Omnibus Equity Incentive Plan

The 2020 Plan replaced the 2012 Omnibus Equity Incentive Plan ("2012 Plan") and no further awards may be granted under the 2012 Plan. The termination of the 2012 Plan did not affect outstanding awards granted under the 2012 Plan. The restricted stock units granted under the 2012 Plan vest over four or five years from the date of grant. The options granted under the 2012 Plan expire 10 years after the grant date and were fully vested as of December 26, 2021.

Nonqualified Deferred Compensation

The Company provides a certain group of eligible employees, including our named executive officers, the ability to participate in the Company's nonqualified deferred compensation plan. This plan allows participants to defer up to 80% of their salary and up to 100% of their short-term incentive program payout and any discretionary bonuses, thereby delaying taxation of these deferred amounts until actual payment of the deferred amount in future years. This plan also provides for Company discretionary matching contributions. Our current matching contributions match the discretionary contributions made under our 401(k) Plan and vest ratably over three years starting on the first day of the participant's service with the Company, such that an eligible employee with three years of service will be 100% vested in our matching contributions. At the participant's election, payments can be deferred until a specific date at least 12 months after the year of deferral or until termination of employment (subject to earlier payment in the event of a change of control) and can be paid in a lump sum or in up to five annual installments.

The amounts deferred are credited to accounts that mirror the gains and/or losses of several different investment alternatives offered by the plan. Even though we are not required to fund this plan, we have established a "Rabbi Trust" to invest funds equal to all deferred amounts. The funds are generally invested in certain insurance policies designed for this purpose. These assets, although not required by the plan, are segregated to pay benefits to the participants. In the event of bankruptcy or liquidation, these assets will be subject to forfeiture.

The following table shows the contributions, earnings and account balances for the named executive officers under the nonqualified deferred compensation plan for fiscal year ended December 26, 2021:

NAME	EXECUTIVE CONTRIBUTIONS (\$) (1)	COMPANY CONTRIBUTIONS (\$) (2)	AGGREGATE EARNINGS/ (LOSS) (\$)	AGGREGATE WITHDRAWALS/ DISTRIBUTIONS (\$)	AGGREGATE BALANCE AT YEAR-END (\$) (3)

John Mountford	60,897	3,680	14,038	—	158,012

- (2) These amounts are reported as "all other" compensation earned by named executive officers in the "Summary Compensation Table" for fiscal year 2021.
- (3) Amounts reported in this column include compensation that was previously reported in the Summary Compensation Table when earned if that officer's compensation was required to be disclosed in a previous year.

Potential Payments upon Termination or Change in Control

The table below quantifies potential compensation that would have become payable to each of our named executive officers under their employment agreements if their employment had terminated on December 26, 2021 for the reasons set forth in the table, given the named executive officer's base salary on that date and the closing price of our common stock on December 23, 2021, the last trading day of fiscal year 2021. For additional information regarding the circumstances in which our named executive officers would be entitled to severance and change in control benefits, see "—Employment Agreements."

Due to the number of factors that may affect the amount of any benefits provided upon the events described below, any actual amounts paid or payable may be different than those shown in this table. Factors that could affect these amounts include the date the termination event occurs, the base salary of an executive on the date of termination of employment and the price of our common stock when the event occurs.

CEO Pay Ratio

Pursuant to Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, the Company is required to provide the ratio of Mr. Hislop's annual total compensation to the

compensation of our median employee. Because SEC rules for identifying the median employee and calculating the pay ratio permit companies to use various methodologies and assumptions, apply certain exclusions, and make reasonable estimates that reflect their employee populations and compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio that the Company has reported below.

To identify the median employee, we utilized total gross wages (including reported tips) of all of our full-time and part-time employees who were employed by the Company on the last day of the fiscal year or December 26, 2021, other than Mr. Hislop. We redetermined our median employee because the population used in this calculation mainly consists of hourly employees and changes frequently. We used the last day of our fiscal year to make the determination. However, because our fiscal year end changes each year, this determination date is different from last year. We excluded from total gross wages certain unusual and non-recurring items not available to all employees, such as stock based compensation, to achieve a consistently applied compensation measure. We also annualized the compensation of our employees who were not employed by the Company for all of fiscal year 2021.

Our median employee was identified as a server who worked an average of 17 hours per week. This total compensation figure reflects employment on a part-time basis, and is not necessarily representative of the compensation of other restaurant employees or of our overall compensation practices.

Based on the above determination, our median employee's total annual compensation (calculated in accordance with Item 402(c)(2)(x) of Regulation S-K) was \$20,931. Our CEO's total annual compensation (calculated in accordance with Item 402(c)(2)(x) of Regulation S-K and as reported in the Summary Compensation Table) was \$1,911,341.

Based on the foregoing, Mr. Hislop's annual total compensation for fiscal year 2021 was approximately 91 times our median employee's annual total compensation. This ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K using the data and assumptions summarized above.

Our CEO pay ratio is not an element that the compensation committee considers in setting the compensation of our CEO, nor is our CEO's compensation a material element that management considers in making compensation decisions for non-officer employees.

Our audit committee reviews any financial transaction, arrangement or relationship that:

- is otherwise prohibited by law, rule or regulation.

The audit committee reviews each such transaction, arrangement or relationship to determine whether a related party has, has had or expects to have a direct or indirect material interest. Following its review, the audit committee will take such action as it deems necessary and appropriate under the circumstances, including approving, disapproving, ratifying, canceling or recommending to management how to proceed if it determines a related party has a direct or indirect material interest in a transaction, arrangement or relationship with us. Any member of the audit committee who is a related party with respect to a transaction under review will not be permitted to participate in the discussions or evaluations of the transaction; however, the audit committee member will provide all material information concerning the transaction to the audit committee. The audit committee will report its action with respect to any related party transaction to the board of directors.
